UW Madison entrance semester: _____ Graduate GPA: _____

List UW graduate courses taken with grades:

Months of full-time research experience prior to your current PhD program: _____

Estimate based on full time research = 40 hours per week.

Do not include labs associated with a course (e.g. organic chemistry course with lab)

Do not include graduate research at UW-Madison

Example calculation: summer research of 40 hours/week for 3 months

undergraduate academic year research of 15 hours/week for 18 months

(40 hours/40 hours) x 3 months + (15 hours/40 hours) x 18 months = 9.75 months

Nominee's Statement of Purpose (Student's statement of why they want to be a part of the CBI Training Program). Insert below or attach PDF:

Mentor's Statement of Nomination (Mentor's statement of why this candidate is particularly worthy of support from the Chemistry Biology Interface Training Program (research interest/experience, stated interest in cross-disciplinary research, etc.)) Insert below or attach PDF:

List of nominee's academic honors and distinctions:

List of publications and research presentations, if any:

List of Chemical Biology related courses and grades (undergraduate and/or graduate):

List any other support requested for student (e.g., nomination for other training grants, WARF, AOF, of other fellowships):

A complete application must include:

Fully completed CBI Nomination Form

Nominee's statement of purpose

Mentor's statement of nomination (if nominating more than one student, include order of preference)

Undergraduate transcripts and Graduate transcripts (copies acceptable)

GRE Scores (copy or screenshot acceptable)

Letters of Recommendation (copies of letters from graduate school application or letters of recommendation from UW-Madison faculty)
