

SENIOR THESIS OR SENIOR HONORS THESIS IN BIOCHEMISTRY

RESEARCH PROPOSAL FORM

Please **attach a copy of your Thesis Proposal and have your thesis advisor sign this form**. Email everything to the Biochemistry / Microbiology Undergraduate Advising Hub (biochemmicrobio-advisor@wisc.edu). You can do this as soon as you know your laboratory and project. You must submit this **before the third week of class** of your first senior thesis semester.

The completed thesis with a signed cover sheet must be submitted to the Biochemistry / Microbiology Undergraduate Advising Hub (biochemmicrobio-advisor@wisc.edu) by the end of the last week of class of your second senior thesis semester, unless you are in an Honors program that requires it earlier.

This is a: Senior Thesis Senior Honors Thesis

Name: _____ Student ID: _____

Address: _____ Email: _____

Name and contact information of thesis advisor (Professor whose lab you're in):

Title of thesis project:

Semesters and year(s) in which thesis work is to be conducted: _____

I have received a grant from L&S or CALS Honors Program: yes no

Attach your Thesis Proposal. This is a 2-5 page description of your proposed research, including (a) experimental plan, (b) methods and procedures to be used, (c) expected results, and (d) significance of the work. Be sure to include relevant literature citations. You may append graphs or tables. For more information see the Biochemistry thesis undergraduate page: https://biochem.wisc.edu/undergraduate_program/thesis-undergraduate-program
